About this document

Congratulations and thank you for using Padshop!

This document lists all update changes, resolved issues and improvements for the Padshop VST Granular Synthesizer.

We wish you creativity and success using Padshop!

Your Steinberg team

Padshop version 1.1.0

July 2012

The 1.1.0 update adds VST 2 host application support for Windows 7 and AU host application support for Mac OS X versions 10.6 and 10.7 (32 bit and 64 bit).

You can find the free update patchers here:
